Subject index

Volume 61 (2001)

Accessibility; Health information system; Computerised health systems; Public health **61**, 11

Adverse drug events; Electronic medical record; Data mining; Medical lexicon; Outpatients **61**, 21

Aged; Medical informatics; Telemedicine; Telegeriatrics; Remote consultation; Computerized medical records; Ethics; Legal status; Asynchronous digital subscription line **61**, 229

Ambulance run; Emergency ambulance; Emergency department; ECG transmission; Paramedic; Waiting time **61**, 147

Asynchronous digital subscription line; Medical informatics; Telemedicine; Aged; Telegeriatrics; Remote consultation; Computerized medical records; Ethics; Legal status **61**, 229

ATM; Telemedicine; ISDN **61**, 175

Audio visual communication; Telemedicine; Medical teaching **61**, 235

Brain function monitoring; Teleconsultation; Multimedia **61**, 217

Cancer center network; Telemedicine; Oncology; Japan; Telepathology; Teleradiology **61**, 207

China; International collaborations; Telemedicine; Telemedicine infrastructures **61**, 139

Cognitive evaluation; Patient clinical information systems; Technology assessment; Telemedicine; World Wide Web **61**, 45

Computer-based patient record; Telemedicine; Home health services **61**, 167

Computerised health systems; Health information system; Accessibility; Public health **61**, 11

Computerized medical records; Medical informatics; Telemedicine; Aged; Telegeriatrics; Remote consultation; Ethics; Legal status; Asynchronous digital subscription line **61**, 229

Consumer; Internet; Physician; e-health **61**, 1

CT; Teleradiology; MRI; DICOM **61**, 163

Data mining; Electronic medical record; Medical lexicon; Adverse drug events; Outpatients **61**, 21

DICOM; Teleradiology; CT; MRI **61**, 163

Distance education; Telemedicine; Taiwan; Teleconsultation; Primary care **61**, 117

ECG transmission; Emergency ambulance; Emergency department; Paramedic; Ambulance run; Waiting time **61**, 147

EDI; Smart cards; Web technology; Health-care information system infrastructure **61**, 33

e-health; Internet; Physician; Consumer **61**, 1

Electronic medical record; Data mining; Medical lexicon; Adverse drug events; Outpatients **61**, 21

Electronic patient record; Hospital information systems; Referral systems; XML **61**, 189

E-mail; Patient–provider communication; Patients **61**, 71

Emergency ambulance; Emergency department; ECG transmission; Paramedic; Ambulance run; Waiting time **61**, 147

Emergency department; Emergency ambulance; ECG transmission; Paramedic; Ambulance run; Waiting time **61**, 147
